

Checklist of E/OHS Activities for Respiratory Protection

Program Contact Person: Shawn Hiebert

Does this school provide respirators for voluntary use? **Yes** No N/A

If the school allows employees to use respirators voluntarily the following is mandatory.

1. Read and follow instructions provided by manufacturer.
2. Choose respirators certified for use against contaminants of concern.
3. Do not wear respirators in atmospheres containing contaminants not designed to protect from those contaminants.
4. Keep track of respirators so that you do not mistakenly wear someone else's respirator.

Is the Respiratory Protection program in place? **Yes** No N/A

Is the Plan current? **Yes** No N/A

Has the Plan been reviewed this school year? **Yes** No N/A

Are all employees in this program identified? Yes No **N/A**

Employee	Intended Use	Type of Respirator	Medical Exam/ Questionnaire	Date of Medical	Date of Fit Test

Fit testing was completed on N/A.
(date)

Type of testing protocol; Irritant *Smoke (Stannic Chloride)* or
Bitrex (Denatonium Benzoate)

Condition and location of respirators:

Condition: _____

Location(s): _____

Are the appropriate adequate accessories on hand? Yes No N/A

Verified by _____

Note: Currently no respirators are in the school building. Paper type dust masks are available for limited use. The wood shop paint booth does not have respirators available. A dedicated booth with back draft prevents most fumes from entering the room air. 2/2/2018. BP

No changes to this program were noted during school year 2017-2018. BP
