

# NON-FOAMING DISH MACHINE DELIMER

## DESCRIPTION

A powerful, fast acting liquid acid product designed to rid the dish machine of scale and lime formations due to hard water precipitates. This balanced product works quickly to brighten internal surfaces and leave them sparkling. Contains special surfactants that degrease and clean internal surfaces of machine.

## DIRECTIONS

### DIRECTIONS FOR USE

**DELIME/DESCALE DISH MACHINE:** Drain, flush, and clean out dish machine. Pull screens and flush to clean. Disconnect dispensing equipment to prevent the addition of detergent during descaling operation. Close drain of dish machine. Add 1 ounce of delimer per gallon of water capacity for the dish machine (if unsure, use 1 pint of delimer). Fill machine to normal operating level with hot water. Run machine in manual mode for up to 5 minutes. Check to see if lime scale is being removed. If this is an initial treatment or there is a severe lime problem, increase the amount of delimer being used. Drain dish machine and flush thoroughly with clear water. Fill dish machine and run through a normal operating cycle. Drain and flush again. Engage the dispensing equipment.

This product is not suitable for exterior surfaces of dish machine surfaces or for any other non-dish machine use. This product is best suited for internal circulation within the dish machine. Do not allow product to soak inside dish machine. Contact time should not exceed 5 minutes. Do not allow product to dry on stainless surfaces. Always wear proper gloves, apron and eye protection when using this product.

**DANGER** :Contains Phosphoric and Muriatic Acid. Causes severe skin burns and eye damage. May cause respiratory irritation. Do not eat, drink, or smoke when using this product. Wear protective gloves/protective clothing/eye protection/face protection. Wash hands/skin thoroughly after handling. Avoid breathing dust/fume/gas/mist/ vapours/spray.

**First Aid:** IF SWALLOWED: Call a POISON CENTER/ doctor if you feel unwell. Rinse mouth. Do NOT induce vomiting. IF ON SKIN (or hair): Remove/take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. IF SKIN IRRITATION occurs: Get medical advice/attention. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER/doctor if you feel unwell. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue Rinsing. IF EYE IRRITATION persists: Get medical advice/attention.

## PHYSICAL PROPERTIES

- ▶▶▶ APPEARANCE: Red liquid
- ▶▶▶ ODOR: Sweet, acidic
- ▶▶▶ pH: 2.4-5.6
- ▶▶▶ SPECIFIC GRAVITY: LIQUID (H<sub>2</sub>O=1): 1.15
- ▶▶▶ BOILING RANGE: 212° F.

## PACKAGING

- ▶▶▶ 1GAL
- ▶▶▶ 4/1GAL CASE - ITEM#: 905828
