

## Checklist of E/OHS Activities for Hazardous Waste Management

Program Contact Person(s) Brian Mohr

Primary Contact Person: Brian Mohr

Secondary Contact Person: \_\_\_\_\_

Is the Hazardous Waste Management program in place? **Yes** No

Is the Plan current? **Yes** No

Has the Plan been reviewed this school year? **Yes** No

Did this school generate ten gallons of waste per year? Yes **No**

Note: In Greater Minnesota, schools generating ten gallons of waste per year or less do not need a license.

Did this school generate 220 pounds or less per month hazardous waste (about ½ drum or less liquid)? **Yes** No

*Note: Wastes that do not count include antifreeze, cathode ray tubes, fluorescent lamps, lead acid batteries, pcb ballasts, photo fixer reclaimed on site, used oil and oil filters.*

*Training for VSQG's do not have training requirements however MPCA strongly recommends persons handling wastes be given training on best handling and safety risks associated.*

Has training been provided for affected persons? Yes No **N/A**

Date Conducted: N/A

Date Scheduled: N/A

Has annual report and license application sent in? Yes No **N/A**

*Note: A survey of toxic wastes generated in spring of 2005 by MPCA Field Technician, Kathy Gedde, determined the school to be a "minimum waste generator" ending the need to continue licensing with the State of Minnesota. See Activities Manual for report.*

*Note: Hazardous waste disposal certificates are located in H&S binder.*

Evaluation of Hazardous Waste Generating Locations (complete form for each facility)				
Area	N/A	Type	Quantity/Month	Disposal Method
Chemistry/Biology <i>Note: All lab chemicals are neutralized and sewerred.</i>		Acetone		N/A
		Acids		N/A
		Bases		N/A
		Precipitated heavy metals		N/A
Graphic Arts, Scene Shops, etc.		Paints		N/A
		Thinners		N/A
Photography	X	Film/Paper		
		Fixer		N/A
Art		Printing Fluids		N/A
Grounds and Maintenance	X	Pesticides		N/A
Custodial		PCB Oil Ballast		Retrofit
		Bulbs		Retrofit
		Paint Stripper		Recycled
		Boiler Treatments		N/A
		Asbestos		WM Waste Management
Automotive-related Repairs		Crankcase Oil	25 gal	Recycled
		Lead-balancing Weights	varies	Recycled
		Used Batteries	2/month	Recycled
		Paint	1 gal.	Meeker County Recycling
		Paint Thinners		
		Filters	4 ea.	
		Antifreeze	4 gal.	N/A
Metal Shop Wood Shop Ag Shop		Parts Washer		Recycled
		Degreaser		N/A
		Used Batteries		N/A
		Paint		Recycled with county
		Paint Thinners		Recycled
		Filters		N/A
		Paint Strippers		N/A

*Note: Middle school garage is the central collection point. Computer components are stored in large green shed behind HS. Retrofit provides recycling services.*
